Uka Tarsadiya University (July 16, 2016 - April 17, 2019)
Computer Engineer 3.36 GPA

PROJECTS

Recipe Theroy
Web App, build in React

A Web Application, where you can find out the best new recipes every day. Created for people who don't know what to cook every day, who get different 6 recipes every day, It simply fetches the data from the backend server and shows it to the user. Created using Vite, React, Javascript, TailwindCSS, and JSON data.

News List
Web App, build using JavaScript, Express.js

A Web App, which can convert the NEWS website's data into API. Different news websites have lots of data, my app simply fetches the data from all the websites and shows it to the user in a very friendly design. Also, Users can redirect to the NEWS website for reading the whole article. A created using Tailwind CSS, Express.js, HTML, and CSS.
